OBJECTIVE

Hello! I'm Jawahar, a passionate UI/UX designer and front-end developer. I have a creative mind filled with design principles and possess strong skills in design tools like Figma and Adobe Creative Cloud, as well as coding with HTML, CSS, and React.

PROJECTS

UI projects

- **EARK School Website**
Designed a responsive website for EARK International School using Figma
- **Taxi Booking App**
Created a prototype focusing on user experience and interface design using Figma.

Frontend projects

- **ERP Application for Student Database**
Developed to digitalize student records and automate scholarship applications using React.js and Java Spring Boot.

EXPERIENCE

- Intern Front-End Developer
Mobility Intelligence, Coimbatore
Duration: One month
- Worked in ERP application,
ACGCET, Karaikudi
